

## Group 015-02

**Team Name:** Team2

### Team Members:

Slater O'Brien: [slob2062@colorado.edu](mailto:slob2062@colorado.edu) : slaterob (github), Slater#8937 (discord)

Sam Jansen: [saja2752@colorado.edu](mailto:saja2752@colorado.edu), TiiLeaf

Rahul Shamkuwar: [rash6973@colorad.edu](mailto:rash6973@colorad.edu), rahulshamkuwar (github), brownie#3609

Raleigh Darcy: rada2150@colorado.edu, raleighjd (git), leantity#9684

Rachel Lam: [rala5772@colorado.edu](mailto:rala5772@colorado.edu) , rachellmlam (github) ; kikii#5342

Gabriel Khabner: gakh9214@colorado.edu , gabek25(github), Dank Sheep#8441

## Application Name: ChatterSquare

**Application Description:** ChatterSquare is a messaging application. Users log in with a username and password. The app stores the user's usernames and passwords. Messages will also be stored. There will be different themes where people can talk but it is essentially a couple big "squares" where people talk and get points for talking.

Users will be able to see their username and the username of those that message.

Passwords are protected and hashed.

Each message is a point, the more you talk the more points you earn. Points can be used to get emojis or things like discord nitro. : Fonts.

To stay in scope for the project, we have separated necessary items and desired items.

Necessary: Login, the "square", points and redeemables, user page (points are apart of this)

Desired: DM's, friends, better redeemables for points.

**Vision statement:** For young adults ~12-25~ years old who like texting people too much, Who want a way to talk to each other and be rewarded for talking a lot. ChatterSquare is a messaging app that rewards users for chatting consistently and often. Unlike Imessage/whatsapp, our product gives you dopamine for texting back and forth.

**Version Control:** In GitHub repository. (<https://github.com/rahulshamkuwar/ChatterSquare>)

**Development Methodology:** In GitHub project.

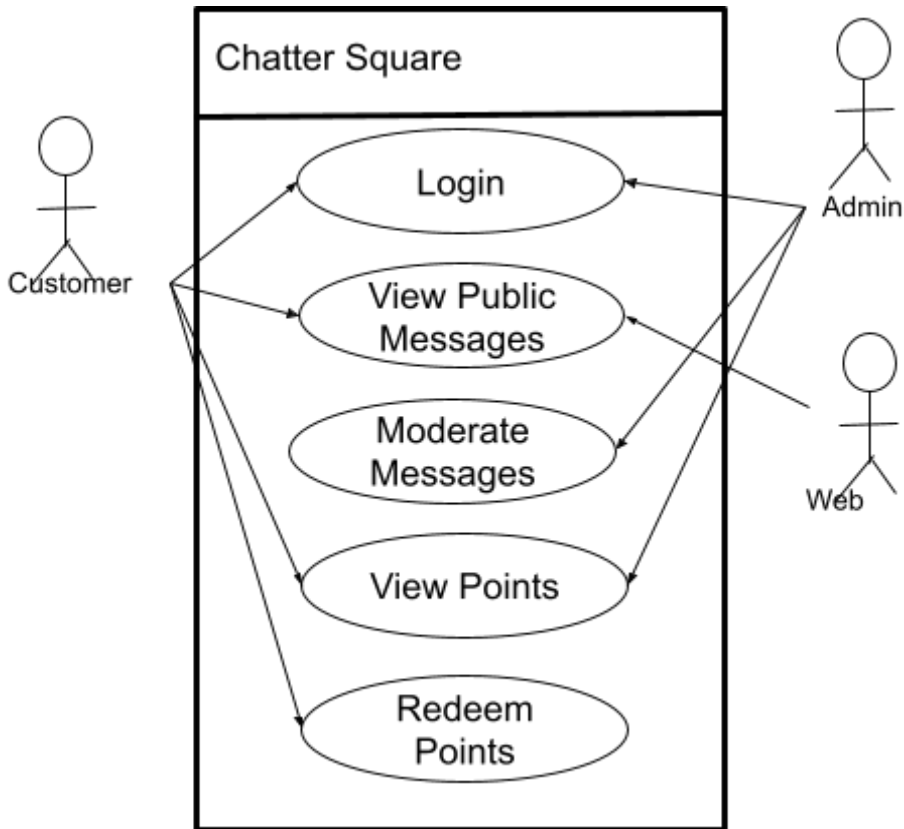

(<https://github.com/users/rahulshamkuwar/projects>)

**Communication Plan:** We plan to communicate using Discord. [Click to join Discord Group.](#)

<https://discord.gg/FMSvc2a9>

**Meeting Plan:** We will meet virtually on Discord. Saturday 5:00 PM once a week (subjected to change provided that is needed. Though we will be relying heavily on communication, rather than meetings).
